TITLE

(X6) DATE

Any deficiency statement ending with an asterisk (*) denotes a deficiency which the institution may be excused from correcting providing it is determined that other safeguards provide sufficient protection to the patients. (see instructions.) Except for nursing homes, the findings stated above are disclosable 90 days following the date of survey whether or not a plan of correction is provided. For nursing homes, the above findings and plans of correction are disclosable 14 days following the date these documents are made available to the facility. If deficiencies are cited, an approved plan of correction is requisite to continued program participation.

F0502 SS=D	<p>Based on record review and interview, the facility failed to ensure laboratory services were drawn as ordered for 2 of 21 residents reviewed for laboratory services in a sample of 24. (Residents #91 and #47)</p> <p>Findings include:</p> <p>1. The record for Resident #91 was reviewed on 3/2/11 at 10:00 a.m.</p> <p>Diagnoses for Resident #91 included, but were not limited to, hypertension, diabetes, hypothyroidism, diabetic gastroparesis (decreased ability to empty stomach contents related to diabetes).</p> <p>A recapitulated physician's order for March 2011, with an original date of 6/30/2010, indicated the resident was to receive a BMP (Basic Metabolic Panel) once a month. The BMP lab draw for January 2011 was missing from the</p>		F0502	<p>It is the practice of this provider to provide or obtain laboratory services to meet the needs of its residents. The facility is responsible for the quality and timeliness of the services. What corrective action(s) will be accomplished for those residents found to have been affected by the deficient practice? The lab was contacted about Resident #91. His labs were re-instated by the lab. The orders for Resident #47 were reviewed with the lab to make sure the correct orders were recorded in their computer system. How will you identify other residents having the potential to be affected by the same deficient practice and what corrective action will be taken? The facility obtained computer access to the labs computer system to do a house wide audit and compare physician's orders with the orders in the labs database to assure they matched. The pharmacy that provides the physicians rewrites also provided a current list of all physician labs orders and these were compared as well. The facility also requested the wording of the lab orders to be changed on the rewrites to create less confusion. The facility will utilize a lab tracking system. The Staff Development Coordinator completed three in-services on 3/16/11 and ongoing for licensed</p>		03/28/2011

	<p>Further information was requested from the Executive Director on 3/1/11 at 3:30 p.m. regarding why the additional PT/INR's were drawn for Resident #107.</p> <p>During interview on 3/3/11 at 10:00 a.m., the Executive Director indicated the reason the resident had so many labs drawn was because when the phlebotomists came to the facility to draw the labs, nurses, not knowing when the resident's scheduled lab draw day was, would indicate they did not have the results of the resident's weekly PT/INR yet. The phlebotomists would draw the resident's blood, thinking the nurse was asking them to. Then the lab would come a few days later, on the scheduled lab draw day, and draw it again, not knowing it had already been drawn that week. The Executive Director indicated at this time, "This is not a good thing. I'm talking to our lab rep [representative] about this."</p> <p>3.1-49(f)(1)</p>				<p>and reviewing lab orders on re-writes.
